SL: Please Approve Management Skills Workshop

Hi [Manager Name],

I'd like your approval to attend the upcoming **Front-Line Managers | Roadmap to Next** workshop.

It's a live, 90–120 minute CoreSelf Orientation Workshop designed specifically for managers who are responsible for both results and the people delivering them.

Rather than working through a hypothetical case, I'll bring a real management situation I'm currently navigating and use a structured process to get clearer on what's happening, what I'm trying to accomplish, and my next best step.

I think the workshop would help me strengthen how I approach leadership challenges, competing priorities, team performance, and decisions when circumstances are changing.

I'll also leave with a repeatable process I can use in future situations, not just an answer to one current issue.

If it would be helpful, I can also provide a short **Impact Brief** afterward summarizing what I worked on, what I learned, and how I plan to apply it, similar to this YPO Gold Forum Retreat Impact Brief.

The workshop is [Day, Date] at [Time] ET, online, and the registration fee is $395.

May I have your approval to attend?

Thank you,
[Name]
